Attachments: Horizon Land Management-Information Request.pdf

Hi Stacie,

Andrew said the facility referenced in the Senator's inquiry is part of the attached IRL. I don't know who is assigned to this one.

Please let me know if you need anything else.

Thank you,

Kaitlin McLaughlin

Good Morning All,

I've received an inquiry about a site on Sands Rd, in Anne Arundel County, Maryland where there has been compounding land fill, wastewater, and other issues that have health concerns.

According to the inquiry, Tyler Abbott from the MDE referred this case to EPA, but I have no record of this. Could you provide me with some more details on this case and when the case was referred? Any information you have would be greatly appreciated.

Thank you,

Kaitlin McLaughlin
